

IbPRIA

11th Iberian Conference on Pattern Recognition and Image Analysis Alicante, Spain. June 27-30, 2023

General Co-Chair AERFAI

Joan Andreu Sánchez
Polytechnic University of Valencia, Spain

General Co-Chair APRP

Inês Domingues
Instituto Superior de Engenharia de Coimbra,
Portugal

Local Chair

Antonio Pertusa
University of Alicante, Spain

Program Chairs

Antonio Javier Gallego
University of Alicante, Spain

Manuel J. Marín
Universidad de Córdoba, Spain

Raquel Justo
Universidad del País Vasco, Spain

Hélder Oliveira
INESC TEC, University of Porto, Portugal

Tutorial Chairs

José Javier Valero
University of Alicante, Spain

Verónica Vasconcelos
Instituto Superior de Engenharia de Coimbra, Portugal

Local Committee

Luisa Micó
University of Alicante, Spain

Francisco Castellanos
University of Alicante, Spain

Marcelo Saval
University of Alicante, Spain

Antonio Ríos
University of Alicante, Spain

María Alfaro
University of Alicante, Spain

IbPRIA is an international conference co-organized by the Portuguese APRP and Spanish AERFAI chapters of the IAPR International Association for Pattern Recognition, and it is technically endorsed by the IAPR.

IbPRIA consists of high-quality, previously unpublished papers, presented either orally or as a poster, intended to act as a forum for research groups, engineers and practitioners, to present recent results, algorithmic improvements and promising future directions in pattern recognition and image analysis.

All accepted papers will appear in the conference proceedings and will be published in Springer Lecture Notes in Computer Science Series.

In addition, a short list of presented papers will be invited to submit extended versions for possible publication after revision in Pattern Analysis and Applications journal. The best paper and best student paper awards will be invited to prepare extended versions to be considered for publication in Pattern Recognition Letters.

The following awards will be given at IbPRIA 2023:

- Best paper award (and additional honorable mention).
- Best student paper award (and additional honorable mention).
- APRP Ph.D. prize 2021-2022.
- AERFAI Ph.D. prize 2019-2022.

The conference is looking for new theoretical results, techniques, and main applications in any aspect of pattern recognition and image analysis, including but not restricted to:

- Pattern Recognition
- Image Analysis
- Computer Vision
- Multimedia Systems
- Statistical and Structural Pattern Recognition
- Machine Learning and Data Mining
- Deep learning
- Bioinformatics
- Computational biology
- Medical and forensic applications of Pattern Recognition
- Special Hardware Architectures
- Image Coding and Processing
- Shape and Texture Analysis
- Information Systems
- Biometric Technologies
- Speech Recognition
- Data, computer or network security
- Document Processing
- Character and Text Recognition
- Robotics
- Remote Sensing
- Industrial Applications of Pattern Recognition

Invited speakers

Timothy Hospedales
University of Edinburgh, Scotland

Nuria Oliver
ELLIS Alicante, Spain

Gustau Camps
Universitat de València

Tutorials

Sergio Orts
Google

Mikel Artetxe
Meta AI (FAIR team)

Kartteek Alahari
Inria Grenoble - Rhône-Alpes,
France

Important Dates

| | |
|-----------------------------|------------------|
| Submission deadline: | Feb 19, 2023 |
| Notification of acceptance: | April 28, 2023 |
| Camera-ready: | May 8, 2023 |
| Early registration: | May 8, 2023 |
| Tutorials: | June 27, 2023 |
| Main conference: | June 28-30, 2023 |

The tutorials and the conference will be held at

Edificio San Fernando (Sede Universidad de Alicante)
C/ San Fernando 40, Alicante.

Universitat d'Alacant
Universidad de Alicante
