

IbPRIA 2025: 12th Iberian Conference on Pattern Recognition and Image Analysis
Coimbra, Portugal. June 30 - July 3, 2025

Call for Tutorials

The **IbPRIA 2025 Organizing Committee** invites contributions to enrich the conference experience through tutorials delivered by distinguished scientists and practitioners in their fields. We are seeking proposals for engaging half-day tutorials (approximately 3 hours, including a short break) that align with the conference's main topics.

These tutorials aim to provide attendees with in-depth knowledge on emerging methods, innovative concepts, and practical tools within the domains of pattern recognition and image analysis.

Proposals are welcome by email until **February 14th** at the addresses below. Submissions may come from individuals or small teams of 2–3 presenters. Whether you prefer to present solo or collaborate with colleagues, we encourage you to contribute to IbPRIA 2025 and help drive our community's understanding of cutting-edge developments forward.

Submission Guidelines for Tutorial Proposals

1. Title:
2. Topics:
3. Summary:
4. Motivation: Why should attendees join the tutorial?
5. Presenters: Names. Affiliations. Research interest. Short bio.
6. Target Audience: Describe what population this tutorial is targeted towards (e.g., students, industry professionals, everyone). Expected # of attendees.
7. Outline of Tutorial: Include the order of topics and approximate time for each topic.

Submit by email to: ibpria25@isr.uc.pt, catarina@dei.uc.pt, and bribeiro@dei.uc.pt
